

Welcome to Miami's 360—where Risk Managers lead the Americas conversation

- MIAMI 360 is the must-attend, peer-driven risk management forum during Miami Reinsurance Week—setting the standard for the Americas.
- Connects top risk managers, brokers, underwriters, MGAs, and market leaders for unfiltered dialogue.
- Delivers high-impact, solution-focused panels tailored to real challenges and attendee input.
- Unlocks unmatched networking, powerful business insights, and meaningful post-event momentum.
- Translation in English, Spanish, and Portuguese for maximum reach and engagement.
- Risk Managers enjoy free registration and exclusive hotel perks.
- Risk Managers exclusive welcome cocktail on Sunday, February 8th sponsored by Chubb.

MAKE EVERY MOMENT COUNT AT MIAMI REINSURANCE WEEK 2026 WITH MIAMI 360

RMs are supported in securing access to top networking events to unlock the full value of Miami Reinsurance Week.

Why attend The 360? Objectives & Core Themes

The 360 is intended for risk professionals of large corporates and captives with exposures in the Americas as an opportunity to share insights, challenges, and successes in relation to their risk exposures and risk transfer requirements with their peers (numerous risk managers with exposures in the Americas), insurance and reinsurance markets, global brokers and MGAs. Risk managers take center stage in panels that run through Day 1 with topics that “keep them awake at night” based on feedback received from them verbally and through [this survey](#). A succession of expert presentations by event sponsors in Day 2 provides the right environment for “unplugged” conversations and take aways for RMs.

The 360— February 8th to 10th –Miami Reinsurance Week

Sponsors and Attendees of 2025

360 EVENT - 2025

Attendees:

2026 Programme Preview—join the conversation shaping risk management!

- **Financial Institutions** panel led by Banco Santander Global RM (confirmed) on best use of captive, insurability of operational risk, and impact on regulatory capital requirements.
- **Technology sector** panel led by Telefonica Global RM (confirmed) on human error contract breach
- **Energy industry** panel led by Promigas Insurance coordinator (confirmed)
- **Engineering sector** panel led by INDRA Corporate Insurance Director (confirmed) on new liability challenges arising from climate change
- **E-commerce and Food industry** panel led by McDonalds and Mercado Libre Risk Manager Directors on business continuity
- Based on strong interest, two more panels may be added:
 - **Political Risk**—renewed challenges on legal certainty and separation of power
 - **Change in Climate**—issues arising from the Brazilian floods: modelling gaps, large (industrial) risk vs volume (home and motor) with real insurance gap.

Day 2—Expert-led insight sessions. Top voted topics for deep-dives with technical experts:

- Human Control and Best Use of AI—legacy issues and succession plans, challenges with new tech
- AI Applied to Risk Decisions—consequences as to data modelling, use of single or competing models
- Consequences for reinsurance of tensions between local market and prices
- Efficient preventive mitigation
- How do Consorcios work in Spain and elsewhere—lessons to be learned
- End of pseudo-hard market. “Trappings” of capital/capacity management for some carriers
- Professional risk transfer options—consistency?
- Claim culture arriving to LAC region
- Contractual and enterprise risk management

Get your say before the programme is finalised—help shape Day 2—provide your feedback [here](#)

Logistics

Risk Managers are advised to arrive in the early afternoon of Sunday, 8 February 2026 to greet their peers at the Welcome Cocktail at the nearby Coral Reef Yacht Club that Chubb sponsors for RMs exclusively. The ensuing Monday and Tuesday are full days—beginning at 8 am with networking breakfast, including lunch, and running until the early evening. The event positions RMs perfectly for Miami Reinsurance Week—we are happy to assist and coordinate your attendance to cocktails and other events occurring during the Week.

- Free registration (for risk managers and markets) thanks to our sponsors

The 360— February 8th to 10th –Miami Reinsurance Week

- Preferential accommodation rate at the event hotel for risk managers, based on availability
- Access to all markets servicing the Americas, attending the event within Miami Reinsurance Week
- Still time to join a Day 1 panel, and go deeper with industry experts and colleagues on Day 2
- Speak in your language of choice, simultaneous interpretation to English, Spanish and Portuguese
- Register early to secure your place! Miami is packed during Reinsurance Week

Please register [here](#) (code 2026THE360) or [contact us](#)

Our Roots

The 360 is modelled after the decade-running Forum which was the result of [Alex Guillamont](#) and [Juan Lopez-Santini](#) taking informal, although highly technical conversations they run for the industry periodically at Novecento, into an organised event with lively dialogue and useful networking opportunities. Risk managers and brokers from across the region who sought broader dialogue with peers across the insurance spectrum enticed Juan and Alex to launch the [360](#) in 2023. Held during Miami's Reinsurance Week every February, the event brings together risk managers, brokers, underwriting agencies, and market representatives, staying true to the Forum's original spirit of authenticity and collaboration.
